How to Use PayByPhone:

1. Visit [PayByPhone](#) (download the app for the best mobile experience)
2. Enter the UCSF location number (options listed below)
3. Select “Months” or “Days” (drop down menu)
4. Enter parking duration (1 month, or 1 day)
5. Click “Continue” and complete credit card payment (we suggest using a pre-tax debit card; see [Commuter Benefits](#) section)

With PayByPhone, you receive in-and-out privileges, and you can park at more than one campus in a day.

Please pay at entry to avoid a citation and be prepared to show your payment confirmation and UCSF ID to the attendant when exiting gated parking garages. To pay for parking at a gateless facility, use PayByPhone at entry. Hourly parking is available at gated garages (pull a ticket at entry and pay cashier at exit).

Alternate Vehicle

If you purchase a month pass and need to change to an alternate vehicle during the month, please email us at Transportation@ucsf.edu.

Monthly Parking Passes

The monthly rate is available for purchase from the 1st through the 25th of the month and will not be pro-rated if purchased after the 1st of the month (expires at month's end, regardless of the date of purchase). Drivers who anticipate parking on campus 13 days or more per month (during regular daytime hours) should consider purchasing a monthly parking pass, since this will be a lower-cost option compared to paying daily.

Hourly Parking

The hourly rate is available in gated garages and at surface lots with a pay machine. If you're on campus for an hour or two and want to pay \$5 an hour, please pull a ticket upon entering and pay the cashier at exit. *(The hourly rate is not available on PayByPhone.)*
